To Whom It May Concern:

As the Computer Science Instructor at Old Colony Regional Vocational Technical High School, I have the opportunity to really get to know the students in my class. Chace Moniz has continuously developed his talents and abilities within the Computer Science area of study as well as other disciplines within the Computer Science Department.

In the time that I have known Chace he has grown to be a hard-working and reliable individual. He is able to successfully complete assigned tasks with favorable results. Chace has an interest in Game Design. As an independent project Chace has used this interest to work in Unity on several different projects.

Chace intends to further his education in Computer Science/Game Development. Chace is a member of SkillsUSA, has obtain his OSHA 10 certification, and has received certificates of completion in Cisco Cybersecurity, FitMoney and Career Safe. Chace has been involved in the ESports Club.

Chace is always polite, respectful, and personable to his teachers and school administration. I recommend Chace Moniz without reservation for whichever ambitions he endeavors to pursue.

Sincerely,

Susan D. Soucy
